## PSHE

### KEY STAGE 5

The focus in Year 12 Enrichment is on passing the challenges for gaining Academy Colours. This covers the following areas:

1. Commitment, Dedication, Reliability
2. Leadership
3. Social Responsibility
4. Personal Challenge

Each student will build an electronic portfolio in which they can present at interviews in the future. This electronic portfolio will consist of the challenges met whilst competing in the **Academy Colours**.

Events which are planned for Year 12 students include:

#### **Spring Term 1**

Healthy lifestyles; Cooking on a budget: plan and prepare a healthy three course meal for 4 on a budget of £5

#### **Spring Term 2**

Sex & relationships; stress management; drugs & alcohol awareness

#### **Summer Term 1**

Revision Skills

#### **Summer Term 2**

Young Drivers

## Year 13 Enrichment

The main focus for Year 13 Enrichment is employability. At Park Hall we provide students with a level 2 course in which student investigate four key areas of entering the workplace. During the course students have the opportunity to have one to one guidance in:

- Completion of their personal statements for their UCAS application.
- Advice and guidance on building a portfolio including creating a CV, writing covering letters and completing various types of job application.
- Support networks available to help them for reaching their chosen career and identifying the necessary steps to reach this.
- Exploring the different types of businesses and how to deal with problems in the workplace. This will be a stepping stone to understanding the world of work they will be entering.
