This is an exciting opportunity for a highly motivated teacher to positively impact upon our youngsters and further improve this successful department.

The successful candidate will have excellent subject knowledge and be able to motivate students through inspirational teaching. The ability to teach A-Level Chemistry or Physics is preferred. Impact and ambition is valued as highly as experience. We pride ourselves on our support, training and cross trust opportunities. Indeed, two of our Headteachers started as newly qualified teachers within the trust.

We are a GOOD school. Our Ofsted in November 2017 highlighted our many Good and Outstanding features. We are the highest performing school in North Solihull with a positive Progress 8 score for the last 3 years of publication. Our percentage of Grade 5 or above in the Basics has continued to improve year on year and this reflects our desire to be Outstanding. We are a school with a strong Sixth Form with results among the best in the country.

We promise to offer you both a stimulating and highly rewarding experience in return for your motivational skills and good practice. Opportunities don't arise very often to work in a vibrant school like Park Hall and we are delighted to be offering the chance for someone to join the team. We also specialise in training people for the next phase of their leadership journey.

In return we can offer you:

- A positive and innovative learning culture supported by a dynamic Science department, staffed by specialist teachers
- A collaborative and supportive attitude amongst staff which promotes a sense of teamwork and unity
- A Senior Leadership team who is committed to promoting the best environment and outcomes for staff and students
- Teacher Pension and a Cycle to Work scheme
